- **Can** be financial recipient of DDF funding, if its registered office is in a BMZ partner country

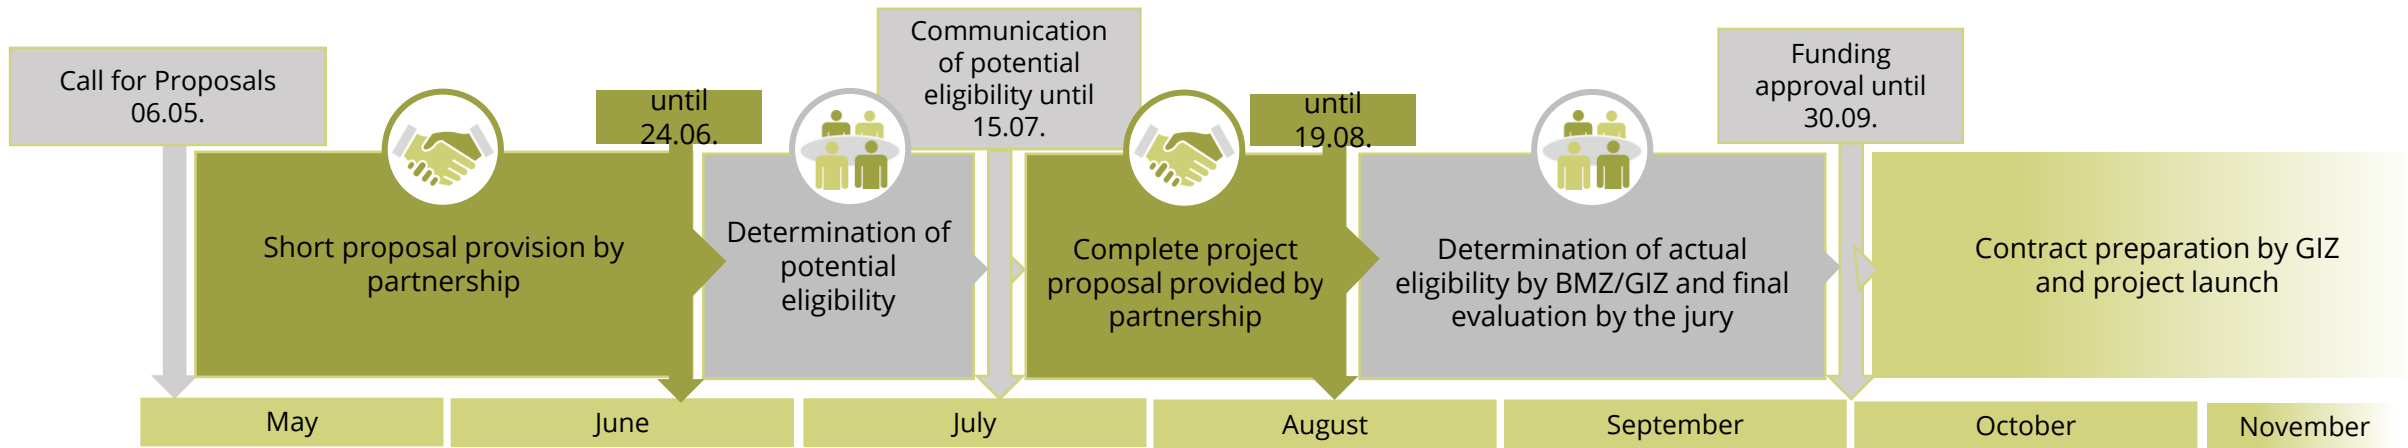

External Contractor:

- **Not** a partner
- **Can** be a means of funding for the partnership, contracted through GIZ via tender

Which projects can be funded?

How does the process work?

Selection process

Partnership

1. Find a **partner applicant** (business/public-benefit) partner
2. Check Terms & Conditions if both of you are **potentially eligible**
3. Draft a **project outline** including information about (among others) the supply chain, objective, target group, period, activities, impacts and provisional budget
4. Hand in **short proposal** until **24.06.2022**

Dimension A: „Quality of the project design“

→ Does the project meet the key principles of corporate due diligence? Can it become a *best practice* example?

- ✓ The planned activities **relate** to the **risk analysis**
- ✓ The **key stakeholders** are involved
- ✓ **Innovative instruments** are applied
- ✓ The planned activities are **suitable**
- ✓ The concept is **adaptable** to other supply chains, actors, contexts,...

Dimension B: „Relevance of the project design“

→ What is the project's potential to effectively and sustainably mitigate negative impacts? Does it have a wide-ranging effect?

- ✓ It **prevents or mitigates** potential or actual **negative impacts** on 1. **human rights** and/or 2. the **environment**
- ✓ The concept is **holistic**, concerning social, ecological and economic aspects
- ✓ Planned activities are **process-oriented** for long-term due diligence
- ✓ The project's **impact** is potentially **broad**

Additional Criteria „Gender“

- ✓ The project is based on a **gender analysis**
- ✓ Gender equality is represented in the **governance structure** of the project
- ✓ The planned activities **specifically** promote **gender equality**
- ✓ The project approaches **underlying norms, values,** and **causes** of gender inequities
