- ▶ Develop blueprint for other banana sourcing countries
- ▶ Long-term goal: Ensure living wage throughout retailers' banana portfolio

Sourcing targets for LW Banana

- ▶ By **2025** each member aims at sourcing at least **50%** of member's total banana volumes as Living Wage Banana; those volumes shall be sourced **from Ecuador and additional sourcing countries**;
- ▶ By **2025**, at least **90% of volumes sourced from Ecuador** shall be sourced as living wage banana;

Scope: Cavendish bananas sold on German market excluding explicitly branded bananas

Approved by German Federal Cartel Office!

An inclusive and participatory approach is key

“...specific living wage criteria will be developed and piloted in 2022 in the context of a **participatory dialogue and consultation process with supply chain partners** and other relevant actors.

Definition and implementation of these criteria shall follow the **principle of shared responsibility, shared reward and shared risk...**”
